Paguro 3 SY

Powered by a YANMAR engine and featuring twin circuit cooling, the Paguro 3 SY runs smoothly & quietly, producing a 3kW continuous output. A good choice for boats in the 35'-45' range with capacity to charge your batteries as well as run a small air conditioning unit, a watermaker and the usual mains equipment you have on board; TV, laptop, kettle, microwave, hair drier.

Peace & Quiet

Cocooned in a 4- stage soundproof capsule to keep noise to a minimum. Anti-vibration feet, both internal and external, ensure that the generator runs smoothly. The result is a generator that quietly does its job whilst you relax on board.

Convenience

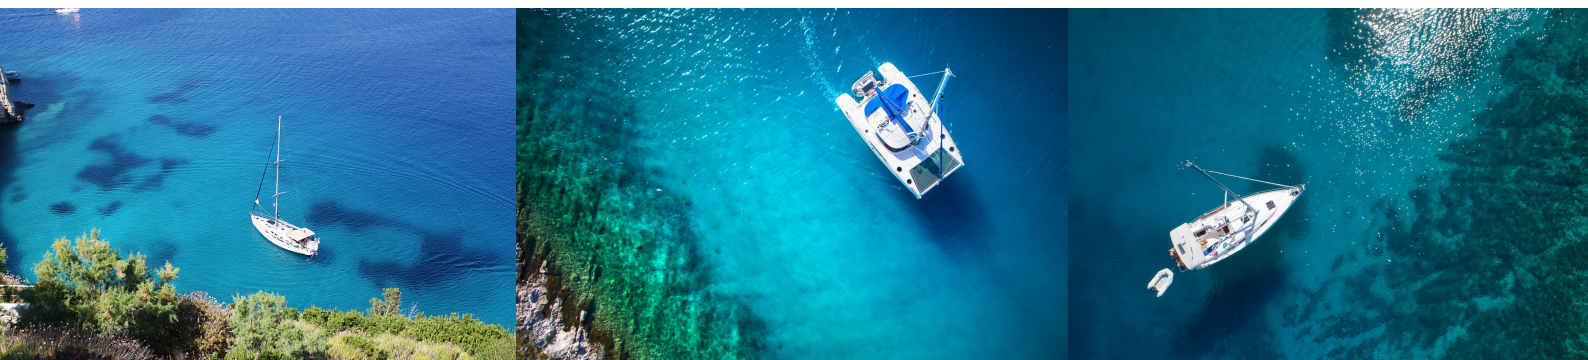

With power on demand, you can keep your phones, tablets and laptops fully charged as well as enjoy all those other creature comforts on board, be it a coffee machine, hair drier or power tools.

Safe Hands

The popularity of the YANMAR & Paguro brands around the globe ensures that wherever you are in the world, you won't be far away from spares and servicing support, giving you the freedom to cruise with peace of mind.

Low Cost of Ownership

The Paguro 3SY is designed for ease of maintenance and single side servicing. It has the added bonus of long service intervals.

Generator

Model	Paguro 3 SY
Dimensions (LxWxH)	605 x 430 x 530 mm (includes anti-vibration feet & all projections)
Weight	90kg
Sound level @ 7m	53 dB(A)
Cooling System	Dual circuit cooling via heat exchanger

Performance

Continuous output	3.0kW / 3.0 kVA
Peak Current for Start-Up Loads	36A (2 seconds)
Voltage Stability	230V $\pm$ 5%
Frequency Stability	51 Hz $\pm$ 1.5 Hz

Control

Starter System	12V electric start
Remote Control Panel	Paguro 3 SY control
Auto Start	Available as an option

Engine

Engine Manufacturer	YANMAR
Engine Type	L70N5
Engine Displacement	320 ccm
Speed	3000 rpm
