

Paguro 4 Mini Y

Powered by a YANMAR engine and featuring twin circuit cooling, the Paguro 4 Mini Y runs smoothly & quietly, producing a 3.5kW continuous output. A good choice for boats in the 35'-45' range with capacity to charge your batteries as well as run an air conditioning unit, a watermaker and the usual mains equipment you have on board; TV, laptop, kettle, microwave, hair drier.

Peace & Quiet

Cocooned in a 4- stage soundproof capsule to keep noise to a minimum. Anti-vibration feet, both internal and external, ensure that the generator runs smoothly. The result is a generator that quietly does its job whilst you relax on board.

Safe Hands

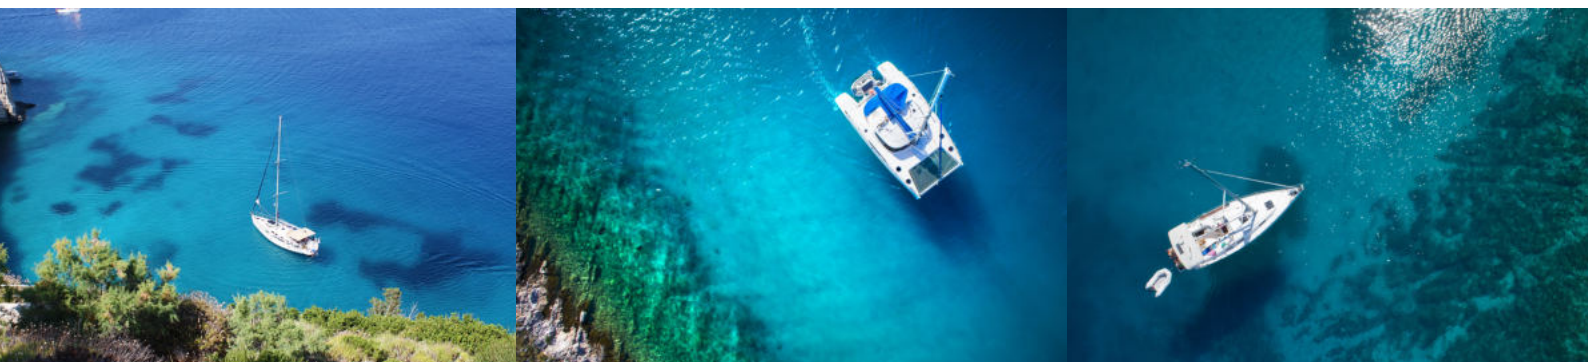

The popularity of the YANMAR & Paguro brands around the globe ensures that wherever you are in the world, you won't be far away from spares and servicing support, giving you the freedom to cruise with peace of mind.

Convenience

With power on demand, you can keep your phones, tablets and laptops fully charged as well as enjoy all those other creature comforts on board, be it a coffee machine, hair drier or power tools.

Compact Size

The Paguro 4 Mini Y is the smallest diesel marine generator on the market. Weighing in at just 69kg it is the lightest too.
