

Paguro 4 SY

Powered by a YANMAR engine and featuring twin circuit cooling, the Paguro 4 SY runs smoothly & quietly to produce an output equivalent to being on shore power. The perfect choice for boats in the 35'-50' range with capacity to charge your batteries as well as run air conditioning, a watermaker and the usual mains equipment you have on board; TV, laptop, kettle, microwave, hair drier.

Peace & Quiet

Cocooned in a 4- stage soundproof capsule to keep noise to a minimum. Anti-vibration feet, both internal and external, ensure that the generator runs smoothly. The result is a generator that quietly does its job whilst you relax on board.

Safe Hands

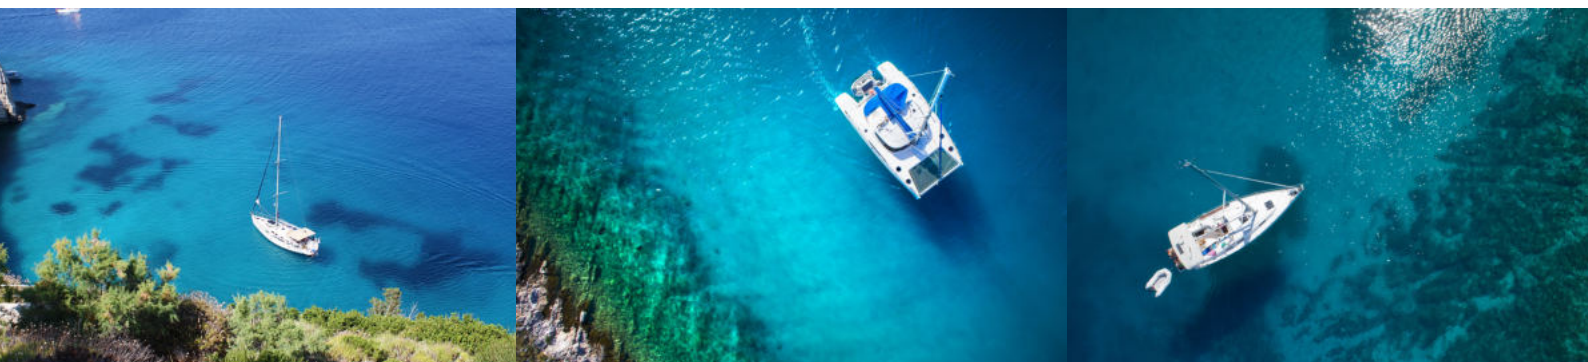

The popularity of the YANMAR & Paguro brands around the globe ensures that wherever you are in the world, you won't be far away from spares and servicing support, giving you the freedom to cruise with peace of mind.

Convenience

With power on demand, you can keep your phones, tablets and laptops fully charged as well as enjoy all those other creature comforts on board, be it a coffee machine, hair drier or power tools.

Low Cost of Ownership

The Paguro 4 SY is designed for ease of maintenance and single side servicing. It has the added bonus of long service intervals.

Model

Paguro 4 SY

Dimensions (LxWxH)

605 x 430 x 530 mm

Weight

90kg

Sound level @ 7m

53 dB(A)

Cooling System

Dual circuit cooling via heat exchanger

Continuous output

3.8kW / 4.0 kVA

Peak Current for Start-Up Loads

45A (2 seconds)

Voltage / Frequency

230V / 50hz

Alternator

Synchronous / brushless

Starter System

12V electric start

Remote Control Panel

Paguro 4 SY control

Auto Start

Available as an option

Engine Manufacturer

YANMAR

Engine Type

L70N5 - 1 Cylinder - Diesel

Speed

3000 rpm

Fuel Consumption

0.35 lt/KW/h
